

FROM THE DIRECTOR CBI

Friends,

I feel humbled and privileged to have been entrusted with the onerous responsibility of Director, Central Bureau of Investigation. I am aware of the enormity of the challenges that I face and high expectations that the citizens, the government and the courts have from the premier Investigation Agency. I am sure that my team of highly efficient and diligent officers will work with enthusiasm and we shall be able to take the Bureau to greater heights. We should assiduously endeavour to maintain professional standards of the highest order by acting fairly, firmly and impartially. We shall also fulfill our responsibilities towards the objective of good governance while scrupulously upholding the law of the land.

I would ensure that any outstanding discharge of duties and extraordinary performances are duly rewarded and welfare issues addressed empathetically.

I wish you and your families a very and prosperous New Year.

RANJIT SINHA
